— \$5,000 —

PLATINUM SPONSOR

provides technology and supplies to two classrooms for one year.

Hope Academy's small class sizes and recovery support team are the secret sauce to our students' success. State funding covers only 65% of the school's operating expenses. Contributions from generous donors help us provide a healthy environment with state of the art technology for teens in recovery from substance use disorder.

— \$2,500 —

GOLD SPONSOR

provides IT support for one month.

Every student and teacher has an iPad or laptop to access reading assignments, grades, testing and credit recovery platforms. In addition, our website shows parents who are looking for solutions to their teens education needs via Google or Facebook. We are grateful for strong IT support that keeps the school running smoothly.

— \$1,000 —

TABLE SPONSOR

provides lunch for 10 students on the free and reduced lunch program for one month.

Approximately 45% of our students are eligible for free or reduced lunches. While the students on free or reduced lunches do not have to pay for their lunches, the school does. Your investment in Hope Academy assures students are not hungry and ready to learn when they are at school.
